

# Awareness Movement by Raheel X Khpr Ra

To be Hip is to be aware

To Hop is to have movement

Hip Hop is an awareness movement

A musical revolution

Composed of 4 elements

A creative solution

Where Crews

Spray paint propaganda

While a band of

Militants stand-a

B-Boy stance

Ready to dance

With the devil

Breaking to bass

&

Funkmatic treble  
Leading the forefront  
Is a rhythmic rebel  
Emcee with a automatic  
Microphone  
spitting rounds of sound  
Loaded with ciphers  
That deciphers a message  
That stretches  
From old to new  
Making due  
Taking  
something out of nothing  
& vise versa  
That we can take the worst of  
Any situation & make it the best  
more for less  
That some find grotesque  
showing the rest  
we have something to say  
ASHE'  
Hip Hop is here to stay  
Hip Hop is yesterday

tomorrow & today

& so are we

Fighting to be free

Hip Hop Awareness Revolution

Stopping the spread of pollution
